New and Expanding Establishments in Maryland, 2014

Introduction

Produced by the Office of Research, Division of Marketing and Communications, the ***New and Expanding Establishments*** report is an annual report **based on public announcements** of planned employment creation and capital expenditures in Maryland by businesses. Projects included in this report meet criteria used by major site selection publications for reporting major site location activity.

The information is gathered on a regular basis from DBED staff, county officials and published sources. All information is obtained on a voluntary basis and no claim is made that data are complete. Some of the new facilities announced may not yet be in operation, as the time between announcement and occupancy is often many months, and sometimes years. Data in this report on jobs, investment and square footage reflect publicly announced new economic activity occurring in the State of Maryland from January 1, 2014 to December 31, 2014.¹

Highlights & Summaries

In calendar year 2014, at least 264 projects were publicly announced in 21 local jurisdictions, representing 10,172 new jobs and \$8.2 billion in capital investment. Of these, 42 are businesses new to Maryland (or to a Maryland labor market) and 222 are expansions of existing businesses.

Publicly announced plans for new establishments in calendar year 2014 represented at least 5,631 new jobs and \$1.8 billion in capital investment. Major new projects (ranked by number of new jobs) include:

- **MGM National Harbor** (Prince George's) – 4,000 new jobs, \$925M investment
- **Capitol Concierge, Inc.** (Montgomery) – 400 new jobs
- **IronNet Cybersecurity** (Howard) – 260 new jobs
- **WebstaurantStore** (Allegany) – 150 new jobs
- **Gordon Food Service, Inc.** (Harford) – 150 new jobs, \$60M investment
- **Compass Pointe Healthcare** (Baltimore Co.) – 125 new jobs
- **SAK Construction** (Baltimore Co.) – 50 new jobs
- **Salsa Labs, Inc.** (Montgomery) – 50 new jobs, \$1M investment
- **Quantum Controls, Inc.** (Cecil) – 45 new jobs
- **VSP Global** (Baltimore Co.) – 40 new jobs
- **Immunodiagnostic Systems** (Montgomery) – 37 new jobs
- **The Ivy Hotel** (Baltimore City) – 30 new jobs, \$18M investment
- **ScholarChip Card LLC** (Baltimore Co.) – 30 new jobs

¹Most announcements occurred in 2014; however, some announcements made prior to 2014 and not included in the 2013 report are also listed here. Reports on prior years' activity are available on DBED's web site: <http://business.maryland.gov/>.

Publicly announced planned expansions of existing businesses in calendar year 2014 represented at least 4,541 new jobs and \$6.3 billion in capital investment. Major expansions (ranked by number of new jobs) include:

- **Coastal Sunbelt Produce** (Howard County) – 400 new jobs, \$1M investment
- **MedImmune** (Frederick County) – 300 new jobs, \$200M investment
- **Costco Distribution Center** (Frederick County) – 200 new jobs
- **Sourcefire, Inc.** (Howard County) – 200 new jobs
- **Thompson Creek Window Company** (Prince George's County) – 200 new jobs
- **BSC America** (Harford County) – 150 new jobs, \$20M investment
- **Smiths Detection, Inc.** (Harford County) – 141 new jobs
- **Cinemark Towson and XD** (Baltimore County) – 125 new jobs
- **Tractor Supply Company** (Washington County) – 125 new jobs
- **Rapid Financial Services, LLC** (Montgomery County) – 124 new jobs, \$2.5M investment

Scope & Methodology

DBED's New and Expanding Establishments report includes publicly announced projects that are expected to bring new dollars and jobs into Maryland's economy. Qualifying projects should match at least one condition within each of the following groups.

Group 1 (Type of Operation):

- Manufacturing establishments.
- Warehouse and distribution establishments that actively participate in interstate commerce.
- Offices that serve out-of-state customers.
- Hotels, theme parks and attractions that are actively marketed to potential visitors outside of Maryland.
- Federal research labs and agencies that serve citizens outside of Maryland or the nation as a whole.

Group 2 (Scale of project):

- At least 10 net new jobs.
- Capital investment of \$50,000 or more.
- A minimum of 10,000 square feet for new locations (there is no minimum for expansions).

Group 3 (Type of public announcement):

- A published news article.
- A company press release.
- A publicly distributed local government newsletter.

Note: All of the projects in this report have been publicly announced, but some of the supporting data may come from unpublished sources believed to be reliable. These sources may include DBED representatives, county officials and/or the companies themselves.

Most of the projects included in this report are also shared with major site location magazines.² These span the range from manufacturing and distribution to high technology, communications, finance and insurance, health care, and business services. ***This report does not capture residential or retail projects (shopping malls, stores, restaurants, bank branches, etc.), investment deals and real estate purchases, public schools, state or local government projects or other general construction projects.*** However, it does include retail distribution and fulfillment. Also with DBED's focus on Maryland's federal, scientific, medical and university assets, federal government projects, hospitals and higher education facility expansions are included.

MARYLAND LABOR MARKET AREAS BY COUNTY

| Jurisdiction | Area Title |

About the Maryland Department of Business and Economic Development

The mission of the Maryland Department of Business and Economic Development (DBED) is to attract and retain jobs while promoting the state's vibrant cultural economies. DBED promotes the state's many economic advantages and markets local products and services at home and abroad to spur economic development, international trade and tourism. Because they are a major economic generator, the arts, film production, sports and other special events are also supported by DBED.

Questions on methodology and data should be directed to Robert Sklar, Office of Research, at Robert.sklar@Maryland.gov.
